

Sometimes the
worst part

of buying and selling a
home is the

'not knowing'

part...

MoveMe

Powered by ViewMyChain

...not knowing

the status of searches across the chain, whether you're selling or buying.

...not knowing

if anything is happening in the chain that could ruin your plans.

...not knowing

how much longer the wait will go on!

Of course, you can always call your solicitor during office hours to find out where things are at.

Or you can take control

and self-serve with MoveMe, the UK's only platform that gives home buyers and sellers visibility of the full chain.

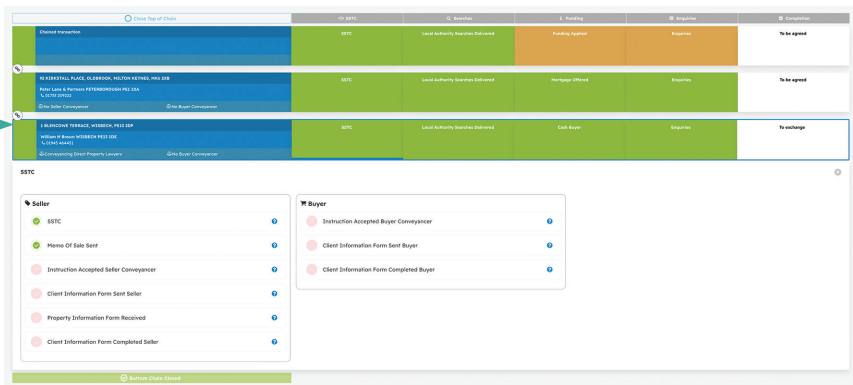

With **MoveMe** you will see:

- 🕒 how many properties are in your chain
- 🕒 how each property in the chain are progressing
- 🕒 how searches and instructions on your own property are coming along

What you'll see with MoveMe

MoveMe is a fully interactive platform that is available online in the browser of your choice. Below is a snapshot of the home screen and what you can expect to see when you log into your MoveMe account:

All the other properties in your chain, incl. their progress.

Status of searches and next steps

Progress timeline

Subscribing is as simple as our solution...

The easiest, quickest way to sign up is to ask your solicitor to enroll you onto the platform. It only takes a few minutes, and you will receive your login details shortly after via email.

What does a MoveMe subscription cost?

MoveMe incurs a small, one-off fee which grants you access up until your completion date. It is invoiced by your solicitor as part of their final fees invoice.
